Contents of *Aquatic Botany*, Volume 75

VOL. 75 NO. 1 **JANUARY 2003**

The timing of seed fall, innate dormancy, and ambient temperature in *Lythrum salicaria*
R.A. Klips (Marion, OH, USA) and J. Peñalosa (Buffalo, NY, USA) 1
Effects of UV radiation and temperature on growth of germlings of three species of *Fucus* (Phaeophyceae)
M. Altamirano, A. Flores-Moya and F.L. Figueroa (Málaga, Spain) 9
Sexual reproductive success in *Posidonia oceanica*
E. Balestri and F. Cinelli (Pisa, Italy). 21
A phenetic analysis of *Typha* in Korea and far east Russia
C. Kim (Suwon, South Korea), H. Shin (Asan, South Korea) and
H.-K. Choi (Suwon, South Korea) 33
Early stages of decay of *Lythrum salicaria* L. and *Typha latifolia* L. in a standing-dead position
M. Welsch and J.B. Yavitt (Ithaca, NY, USA). 45
Control of turion germination in *Potamogeton crispus*
Y. Jian (Hubei, PR China), B. Li (Shanghai, PR China), J. Wang (Hubei, PR China) and
J. Chen (Shanghai, PR China). 59
Digital false colour aerial photographs for discrimination of aquatic macrophyte species
K. Valta-Hulkkonen (Oulu, Finland), P. Pellikka (Helsinki, Finland),
H. Tanskanen (Kuopio, Finland), A. Ustinov and O. Sandman (Mikkeli, Finland). 71

Guide for Authors 89

VOL. 75 NO. 2 **FEBRUARY 2003**

On the use of sediment fertilization for seagrass restoration: a mesocosm study on *Zostera marina* L.
G. Peralta (Yerseke, The Netherlands and Puerto Real, Spain), T.J. Bouma,
J. van Soelen (Yerseke, The Netherlands), J.L. Pérez-Lloréns and
I. Hernández (Puerto Real, Spain) 95
Decomposition dynamics of the bloom forming macroalga *Ulva rigida* C. Agardh determined using a 14C-carbon radio-tracer technique
G. Castaldelli, D.T. Welsh, G. Flachi, G. Zucchini, G. Colombo, R. Rossi and
E.A. Fano (Ferrara, Italy). 111
Morphological adaptations and photosynthetic rates of amphibious *Veronica anagallis-aquatica* L. (Scrophulariaceae) under different flow regimes
M.R.T. Boeger (Curitiba, Brazil and Pocatello, ID, USA) and M.E. Poulson (Pocatello, ID, USA) 123
Effect of damage by the snail *Lymnaea* (*Lymnaea*) *stagnalis* (L.) on the growth of *Elodea canadensis* Michx.
E. Pieczyńska (Warsaw, Poland) 137

PII: S0304-3770(03)00032-9

Seasonality and depth zonation of intertidal *Halophila ovalis* and *Zostera japonica* in Ha Long Bay (northern Vietnam)
T.T.L. Huong (Haiphong Vietnam), J.E. Vermaat (Delft, The Netherlands), J. Terrados (Girona, Spain), N. Van Tien (Haiphong Vietnam), C.M. Duarte (Mallorca, Spain), J. Borum (Hillerød, Denmark) and N.H. Tri (Hanoi, Vietnam) 147
Genetic variation within the endangered species *Aldrovanda vesiculosa* (Droseraceae) as revealed by RAPD analysis
A.P. Maldonado San Martín (Prague, Czech Republic), L. Adamec (Třeboň, Czech Republic), J. Suda (Prague, Czech Republic and Průhonice, Czech Republic), T.H.M. Mes (Utrecht, The Netherlands) and H. Štorchová (Prague, Czech Republic). 159

Short communications
Potential for estimating macrophyte surface area from biomass
N. Armstrong (Edmonton, Canada), D. Planas (Montréal, Canada) and E. Prepas (Edmonton, Canada) 173
Sexual reproduction in SE Asian seagrasses: the absence of a seed bank in Thalassia hemprichii
R.N. Rollon (Diliman, Philippines and Delft, The Netherlands), J.E. Vermaat and H.M.E. Nacorda (Delft, The Netherlands and Diliman, Philippines) 181

VOL. 75 NO. 3 **MARCH 2003**

Resistance, accumulation and allocation of zinc in two ecotypes of the green alga *Stigeoclonium tenue* Kütz. coming from habitats of different heavy metal concentrations
B. Pawlik-Skowrońska (Lublin, Poland) 189
Temporally dependent C, N, and P dynamics associated with the decay of *Rhizophora mangle* L. leaf litter in oligotrophic mangrove wetlands of the Southern Everglades
S.E. Davis III (Miami, FL, USA), C. Corronado-Molina (Baton Rouge, LA, USA), D.L. Childers (Miami, FL, USA) and J.W. Day Jr. (Baton Rouge, LA, USA) 199
The effect of alkalinity on photosynthesis–light curves and inorganic carbon extraction capacity of freshwater macrophytes
S.N. Kahara (Delft, The Netherlands and Nairobi, Kenya) and J.E. Vermaat (Delft, The Netherlands) 217
Long-term effects of yearly grazing by moulting Greylag geese (*Anser anser*) on reed (*Phragmites australis*) growth and nutrient dynamics
I.J.J. van den Wyngaert, L.D. Wienk, S. Sollie, R. Bobbink and J.T.A. Verhoeven (Utrecht, The Netherlands). 229
A mass balance assessment of the contribution of floating-leaved macrophytes in nutrient stocks in an eutrophic macrophyte-dominated lake
L. Marion and J.-M. Paillisson (Rennes, France) 249
Light harvesting and the package effect in the seagrasses *Thalassia testudinum* Banks ex König and *Zostera marina* L.: optical constraints on photoacclimation
M.E. Cummings and R.C. Zimmerman (Moss Landing, CA, USA). 261

VOL. 75 NO. 4 **APRIL 2003**

Consistencies over regional scales in assemblages of mobile epifauna associated with natural and artificial plants of different shape
G.J. Edgar (Tasmania, Australia) and D.W. Klumpp (Townsville, Australia). 275
Physiological effects of short-term salinity changes on *Ruppia maritima*
L.R. Murphy (Pullman, WA, USA), S.T. Kinsey (Wilmington, NC, USA and Pullman, WA, USA) and M.J. Durako (Wilmington, NC, USA) 293

The significance of lateral roots in phosphorus (P) acquisition of water hyacinth (*Eichhornia crassipes*)
Y. Xie and D. Yu (Wuhan, PR China) 311
Changes in macrophyte community structure in Lake Christina (Minnesota), a large shallow lake, following biomanipulation
N. Hansel-Welch, M.G. Butler (Fargo, ND, USA), T.J. Carlson (Fergus Falls, MN, USA) and M.A. Hanson (Bemidji, MN, USA) 323

Short communications
The impact of salinity fluctuations on net oxygen production and inorganic nitrogen uptake by *Ulva lactuca* (Chlorophyceae)
J. Lartigue (Island, AL, USA and Mobile AL, USA), A. Neill, B.L. Hayden, J. Pulfer (Livingston, AL, USA) and J. Cebrian (Island, AL, USA) 339
Chloroplast evidence for the multiple origins of the hybrid *Potamogeton* × *sudermanicus* Hagstr.
J.B. Fant, E.M. Kamau (Cambridge, UK) and C.D. Preston (Huntingdon, UK) 351
